

High Efficiency Water Cooled Automatic Manual diesel cummins generator Set

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Minlong
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Frequency: 50/60 Hz
- Warranty: 1 Year
- Brand: Cummins
- Cooling System: Water Cooled
- Type: Diesel Generator
- Fuel: Diesel
- Control System: Automatic Control
- Efficiency: High
- Highlight: **Automatic diesel cummins generator,
Manual Diesel Cummins Generator,
Water Cooled Cummins Generator**

Product Description

Product Description:

Cummins Diesel Generator, also known as Cummins Diesel Genset, is a Diesel Generator Set powered by Cummins diesel engine. It has an automatic or manual operation mode and a water-cooled cooling system, providing reliable operation and excellent performance. It is equipped with a 1-year warranty, making it an ideal choice for various applications.

The Cummins diesel engine is equipped with advanced technologies, such as high-pressure common rail fuel injection, turbocharging and air-to-air aftercooling, making it highly fuel-efficient and powerful. The generator set also has a robust, durable design that can withstand the toughest conditions and provide reliable power generation for a long time. The generator set is easy to operate and maintain, and can be used in a variety of applications such as industrial, commercial and residential.

Cummins Diesel Generator is the perfect solution for reliable power generation. It has an efficient fuel system and a reliable cooling system that ensures optimal performance. The generator set is also equipped with a one-year warranty, giving you peace of mind that it will continue to provide reliable power generation for a long time. With its excellent performance, reliable operation and easy maintenance, Cummins Diesel Generator is the perfect choice for your power generation needs.

Features:

Product Name: Cummins Diesel Generator

Brand: Cummins

Installation: Easy

Operation Mode: Automatic/Manual

Type: Diesel Generator Set

Cooling System: Water Cooled Cummins Diesel Genset

Technical Parameters:

Property	Value
Cooling System	Water Cooled
Installation	Easy
Brand	Cummins
Fuel	Diesel
Noise Level	Low
Frequency	50/60 Hz
Efficiency	High
Warranty	1 Year
Type	Diesel Generator
Control System	Automatic Control

Applications:

Cummins Diesel Generator Set, produced by Minlong, is a reliable and efficient power solution for various applications. With ISO9001 certification, each Cummins Diesel Generator Set is delivered with a minimum order quantity of one and is available at a negotiable price. The complete package consists of a Cummins diesel engine, a generator, a control panel, a fuel tank, and other components enclosed in a wood case. Delivery time is 10-15 days, and payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The ability to supply up to 1000 pieces per week ensures that customers can get what they need in a timely manner. The Cummins Diesel Generator Set is powered by diesel and cooled by water, and operates at a frequency of 50/60 Hz. It can start with an electric system and has a speed of 1500/1800 RPM. Cummins Diesel Generator Set is the perfect choice for all your power needs.

Customization:

Cummins Diesel Generator

We provide Cummins Diesel Generator from Minlong in China, which is certified by ISO9001. The minimum order quantity is 1. Price is negotiable. The packaging details are wood case. Delivery time is 10-15 days. Payment terms are L/C, D/A, D/P, T/T, Western Union,

MoneyGram. We can supply 1000 pieces per week. The installation is easy. The warranty is 1 year. The control system is automatic control. The speed is 1500/1800 RPM. The noise level is low.

Support and Services:

Cummins Diesel Generator Technical Support and Service

24/7 technical support for Cummins Diesel Generator products

Professionally trained technicians

Access to Cummins' global network of service and parts

Product start-up and commissioning for new installations

Maintenance and repair services for existing installations

On-site and off-site technical assistance and troubleshooting

Software and hardware upgrades to enhance performance

Performance monitoring and diagnostics

Spare parts availability to minimize downtime

Packing and Shipping:

Cummins Diesel Generator can be packaged and shipped in a variety of ways, depending on the size and weight of the item. Generally, small generators will be shipped via FedEx or UPS in a cardboard box, while larger generators will be shipped via pallet or air freight. All packages should be securely wrapped and labeled correctly for safe transport. If shipping overseas, special care should be taken to ensure that the generator is adequately protected from the elements.

FAQ:

Q: What is the brand name of Cummins Diesel Generator?

A: The brand name of Cummins Diesel Generator is Minlong.

Q: Where is Cummins Diesel Generator produced?

A: Cummins Diesel Generator is produced in China.

Q: Is Cummins Diesel Generator certified?

A: Yes, Cummins Diesel Generator is certified with ISO9001.

Q: What is the minimum order quantity for Cummins Diesel Generator?

A: The minimum order quantity for Cummins Diesel Generator is 1.

Q: What is the packaging of Cummins Diesel Generator?

A: The packaging for Cummins Diesel Generator is wood case.
