

1000kW Diesel Powered Electric Generator 50Hz

Basic Information

- Place of Origin: China
- Brand Name: Minlong
- Minimum Order Quantity: 1
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Product Specification

- Frequency: 50Hz
- Engine Brand: Perkins
- Fuel Tank Capacity: 1000L
- Warranty: 1 Year
- Dimensions: 2500mm X 1500mm X 2000mm
- Starting System: Electric
- Noise Level: 75dBA
- Voltage: 400V
- Highlight: **1000kW Diesel Powered Electric Generator, 50Hz Diesel Powered Electric Generator, Electric Diesel Powered Electric Generator**

Product Description:

Perkins Diesel Generator is a heavy duty and durable diesel generator set designed to provide reliable power in harsh environment. This reliable diesel electric generator is equipped with advanced technology to ensure optimal performance. It has a frequency of 50Hz, voltage of 400V, 1000L fuel tank capacity and an automatic control system. This advanced diesel generator set is designed to provide reliable and robust power delivery for a long period of time. It is also equipped with a robust fuel system to ensure consistent supply of fuel. In addition, it is powered by high-efficiency diesel engine to ensure optimal operation and reduce fuel costs. This Perkins Diesel Generator is an ideal solution for all your power needs.

Features:

Product Name: Perkins Diesel Generator

Voltage: 400V

Dimensions: 2500mm X 1500mm X 2000mm

Power Output: 1000kW

Speed: 1500rpm

Control System: Automatic

Features: Durable Diesel Generator Set, Reliable Performance and Long Service Life.

Technical Parameters:

Attributes	Perkins Diesel Generator
Voltage	400V
Cooling System	Water Cooled
Frequency	50Hz
Weight	3000kg
Fuel Type	Diesel
Control System	Automatic
Engine Brand	Perkins
Starting System	Electric
Dimensions	2500mm X 1500mm X 2000mm
Speed	1500rpm
Advantages	Durable Diesel Generator Set, Heavy Duty Diesel Generator, Durable Diesel Generator Set

Applications:

Perkins Diesel Generator, made by Minlong, is a powerful and reliable advanced diesel electric generator from China. It is a durable diesel generator set with a Perkins engine brand, 1500rpm speed, 1000kW power output, 50Hz frequency, and a 1-year warranty. It is an ideal solution for heavy-duty applications, especially in locations where power is limited or unavailable. Its advanced technology and superior design make it the perfect choice for any industrial, commercial, or residential power needs. It is an energy-efficient, cost-effective option that can provide a lifetime of reliable power.

Perkins Diesel Generator is a robust and reliable power solution for a variety of applications. It can be used for backup power in emergency situations, to provide continuous power for factories and business operations, or as a reliable source of energy for large residential complexes. Its advanced features and outstanding performance make it a great choice for all types of industrial, commercial, and residential applications. It is built to last and can provide a dependable source of power for years to come.

The Perkins Diesel Generator is designed to be easy to operate and maintain. It is equipped with the latest safety features to ensure maximum protection for its users. It is also designed to be highly efficient, providing high power output while consuming less fuel. This makes it an economical choice for businesses and homeowners who want to save money on their energy costs. Furthermore, it is a reliable and durable solution that can power any location, no matter the weather or the environment.

The Perkins Diesel Generator is a reliable and advanced diesel electric generator that is perfect for any power needs. It is a durable and dependable power solution that is designed to provide a lifetime of reliable power. Its advanced technology and superior design make it an ideal choice for any industrial, commercial, or residential power needs. It is an energy-efficient, cost-efficient option that provides a

dependable source of power for years to come.

Customization:

Heavy Duty Diesel Generator - Minlong Perkins Diesel Generator

Brand Name: Minlong

Place of Origin: China

Frequency: 50Hz

Dimensions: 2500mm X 1500mm X 2000mm

Engine Brand: Perkins

Weight: 3000kg

Voltage: 400V

The Minlong Perkins Diesel Generator is an advanced diesel electric generator designed to provide reliable power for heavy-duty applications. This generator is powered by a Perkins diesel engine and has a voltage of 400V, frequency of 50Hz, and dimensions of 2500mm X 1500mm X 2000mm. It also has a weight of 3000kg. Whether you need a generator for construction, emergency power, or industrial use, the Minlong Perkins Diesel Generator is the perfect choice.

Support and Services:

Perkins Diesel Generator Technical Support and Service

Perkins provides a range of technical support and service to ensure that our customers have the best possible experience with their Perkins diesel generators. From comprehensive online technical support to on-site service and repairs, we offer a comprehensive package of services to meet the needs of our customers.

Online Technical Support: Our online technical support is available 24/7, providing help and advice on all aspects of Perkins diesel generators.

On-site Service and Repairs: Our fully qualified technicians can visit your site to provide on-site service and repairs, ensuring that your Perkins diesel generator is running at its best.

Customized Service Plans: We offer customized service plans to suit your specific needs, ensuring that your Perkins diesel generator is always running at its best.

Packing and Shipping:

Packaging and Shipping of Perkins Diesel Generator

Perkins diesel generators are packaged and shipped carefully to ensure their safe arrival at the customer's destination. Each generator is packed in a heavy-duty cardboard box with special foam inserts to provide additional protection. All moving parts are secured and fastened to prevent any damage during transit. The box is then sealed with heavy-duty tape and labeled with the generator's model and serial number. The box is then securely placed on a pallet and wrapped with shrink wrap for extra protection. The pallet is then loaded onto a truck or other transportation method for delivery to the customer's desired location.

FAQ:

Q: What is the brand name of this Perkins diesel generator?

A: The brand name of this Perkins diesel generator is Minlong.

Q: Where is this Perkins diesel generator made?

A: This Perkins diesel generator is made in China.

Q: What types of engines are available for this Perkins diesel generator?

A: This Perkins diesel generator is available with Perkins, Cummins, Deutz, Doosan, , etc. engines.

Q: What is the output power range for this Perkins diesel generator?

A: The output power range of this Perkins diesel generator is from 10kVA to 2000kVA.

Q: How do I get access to service and spare parts for this Perkins diesel generator?

A: We provide a comprehensive range of service and spare parts for this Perkins diesel generator. Please contact our customer service team for more information.
