

50Hz Perkins Welder Industrial Diesel Generator Set Water Cooled

Basic Information

- Place of Origin: China
- Brand Name: Minlong

Product Specification

- Frequency: 50Hz
- Control System: Automatic
- Weight: 3000kg
- Noise Level: 75dBA
- Speed: 1500rpm
- Power Output: 1000kW
- Fuel Tank Capacity: 1000L
- Dimensions: 2500mm X 1500mm X 2000mm
- Highlight: **50Hz Industrial Diesel Generator Set,
Perkins Industrial Diesel Generator Set,
1500rpm diesel powered welder generator**

Product Description

Product Description:

Perkins Diesel Generator is a durable and high-output diesel generator set. It's made of premium quality components to provide reliable and long-lasting performance. Featuring a 1000L fuel tank capacity, it is able to operate for long hours with minimal interruption. The electric starting system and automatic control system make it easy to start and operate. It can output 400V and 50Hz power, enabling it to meet the requirements of different applications. With its excellent performance and reliable quality, it is the perfect choice for reliable power generation.

Features:

High Output Diesel Generator

Perkins Diesel Generator

Weight: 3000kg

Fuel Type: Diesel

Frequency: 50Hz

Warranty: 1 Year

Control System: Automatic

Heavy Duty Diesel Generator

Technical Parameters:

Parameters	Values
Product Name	Perkins Diesel Generator
Fuel Type	Diesel
Warranty	1 Year
Engine Brand	Perkins
Starting System	Electric
Noise Level	75dBA
Dimensions	2500mm X 1500mm X 2000mm
Speed	1500rpm
Cooling System	Water Cooled
Control System	Automatic
Fuel Tank Capacity	1000L
Advanced Diesel Electric Generator	Yes
High Output Diesel Generator	Yes

Applications:

Perkins Diesel Generator - Heavy Duty, High Output Diesel Generator

The reliable Perkins Diesel Generator from Minlong is a heavy duty, high output diesel generator. It provides a 1000L fuel tank capacity, with a noise level of 75dBA. It has a speed of 1500rpm and dimensions of 2500mm x 1500mm x 2000mm. The starting system is electric for easy operation.

The Perkins Diesel Generator is perfect for a variety of applications, such as powering construction sites, emergency power and backup power for commercial facilities, and powering remote sites. It is also ideal for powering portable events, such as carnivals or festivals. It is easy to transport, and the high output and heavy duty design makes it ideal for powering large crowds.

The Perkins Diesel Generator is the perfect choice for a reliable source of power, as it is reliable, durable, and efficient. Its heavy duty design ensures that it can handle even the toughest jobs.

Customization:

Heavy Duty Perkins Diesel Generator with High Output, Made in China

Brand Name: Minlong
Place of Origin: China
Warranty: 1 Year
Weight: 3000kg
Cooling System: Water Cooled
Starting System: Electric
Noise Level: 75dBA

Support and Services:

Perkins Diesel Generator provides comprehensive technical support and service for its products. Customers can receive assistance via phone, email, or chat. In addition, Perkins Diesel Generator offers online troubleshooting, installation and maintenance tutorials, and various product-specific help topics. Perkins Diesel Generator also provides customers with access to its parts catalogs, online manuals, and product registration.

Packing and Shipping:

Perkins Diesel Generator Packaging and Shipping:
The generators will be carefully packaged in strong wooden crates and secured with plastic straps.
Our professionals will ensure the safety of the generator during shipping.
The generator will be shipped via land, sea, or air, depending on the customer's desired delivery time and location.
We offer tracking services so that customers can monitor the progress of their shipments.
