

75dBA Electric Perkins Diesel Generator Silent Water Cooled Advanced

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Minlong

Product Specification

- Control System: Automatic
- Dimensions: 2500mm X 1500mm X 2000mm
- Power Output: 1000kW
- Cooling System: Water Cooled
- Noise Level: 75dBA
- Fuel Type: Diesel
- Frequency: 50Hz
- Starting System: Electric
- Highlight: **75dBA Perkins Diesel Generator,
Electric Perkins Diesel Generator,
1000kW electric generator silent**

Product Description

Product Description:

Perkins Diesel Generator: Heavy Duty Durable Diesel Generator Set with Advanced Diesel Electric Generator

The Perkins diesel generator is a heavy duty, durable diesel generator set with advanced diesel electric generator. It has a 1000L fuel tank capacity and a water-cooled cooling system. With a 2500mm X 1500mm X 2000mm dimension and a speed of 1500rpm, it has a frequency of 50Hz. It is designed to last longer and operate reliably under harsh conditions.

Features:

Heavy Duty Diesel Generator

Advanced Diesel Electric Generator

Perkins Diesel Generator

Fuel Type: Diesel

Cooling System: Water Cooled

Starting System: Electric

Weight: 3000kg

Power Output: 1000 kW

Technical Parameters:

Parameters	Values
High Output Diesel Generator	Perkins Diesel Generator
Dimensions	2500mm X 1500mm X 2000mm
Cooling System	Water Cooled
Speed	1500rpm
Control System	Automatic
Starting System	Electric
Warranty	1 Year
Fuel Type	Diesel
Engine Brand	Perkins
Frequency	50Hz
Noise Level	75dBA
Price	Perkins Diesel Generator Price

Applications:

The Minlong Perkins Diesel Generator is an advanced diesel electric generator, perfect for heavy-duty power requirements. It is designed with a 50Hz frequency, a 400V voltage, an electric starting system, and a 1000L fuel tank capacity. The generator is equipped with an automatic control system for easy operation. This heavy-duty diesel generator is ideal for commercial, industrial, and residential applications. Its advanced design ensures reliable performance and efficient energy output. With its excellent durability and superior quality, the Minlong Perkins Diesel Generator is the perfect choice for your power needs.

Customization:

Minlong Heavy Duty Diesel Generator

This advanced Minlong Heavy Duty Diesel Generator is an electric start generator that features a 1000kW power output, fuel tank

capacity of 1000L, and a water cooled cooling system. It is made in China and runs on diesel fuel.

Support and Services:

Perkins Diesel Generator offers a wide range of technical support and service. Our experienced team of experts can provide comprehensive assistance on topics such as system design, installation, operation, maintenance, and troubleshooting. We also provide 24/7 emergency support for urgent matters. Our technical support and service teams are available to help you make the most of your Perkins Diesel Generator.

Packing and Shipping:

Perkins Diesel Generator packaging and shipping:

The generator is securely wrapped and boxed.

The generator is then placed on a pallet and secured with strapping.

The generator is then loaded into a container for transport.

FAQ:

Q: What is the Brand name of the Perkins Diesel Generator?

A: The Brand name of the Perkins Diesel Generator is Minlong.

Q: Where is the Perkins Diesel Generator produced?

A: It is produced in China.

Q: What is the fuel type of the Perkins Diesel Generator?

A: It is powered by diesel fuel.

Q: What is the power output of the Perkins Diesel Generator?

A: It can produce a range of power outputs from 10kW to 3000kW.

Q: What are the key features of the Perkins Diesel Generator?

A: It has a reliable performance and low operating costs.
